

Consulting, Project Management & Installation

FLOORCOVERING SERVICES

Independent Project Management and Consulting

FTG offers the expertise of Australia's leading carpet consultants. Services include:

- Project management, specification, procurement, installation management and quality verification for large projects or property portfolios anywhere in Australia
- Floor covering condition, OH&S and life expectancy reports.
- Problem investigation and resolution.
- Dispute resolution and expert witness service.
- Independent Specification and Quality Verification.

re-CARPET™- Non-disruptive carpet replacement in occupied areas

- Comprehensive project delivery systems for carpet replacement in occupied areas. Specifically designed for major projects, but equally suited to a single floor or tenancy.
- Our promise is to never disrupt the occupant's ability to service their customers.

re-FURBISH™ - Non-disruptive fit-out upgrades in occupied areas

- Fit-out upgrades in occupied areas, including painting, partition and workstation works, ceiling refurbishment and most other fit-out changes.
- Our promise is that the occupant's will never see a building site.

re-COVER™ - Disaster Emergency Response

24/7 Emergency response to pre-registered clients and sites. Typical call outs include:

- Burst water pipes and sprinkler malfunctions.
- Sewer and drain overflow.
- Fire, flood, wind and impact damage.
- HVAC Malfunction (mould hazard issues).
- Biological spills (e.g. bodily fluids).
- Explosion and structural failure.
- Malicious damage.

Supply and Installation

Supply and installation of floor coverings for most commercial applications, including:

- Supply and installation of tufted, woven and modular carpets.
- Supply and installation of vinyl, linoleum and other resilient flooring.
- Epoxy floor coatings.

Repairs and Maintenance

Expert repairs and maintenance to maximise flooring life, including:

- Carpet management plans to nurse problem carpets to scheduled replacement
- Carpet repairs.
- Carpet restoration and periodic cleaning.
- Entry mats, water and soil barrier matting.
