

**Floorcoverings - Fitout Services - Relocations**  
*Specialists in non-disruptive upgrades to occupied areas*

## Consultant Profile

**Noel Emselle** B Sc, Dip.Text.Chem, CText, LTI.  
 Technical Director

Noel is a qualified industrial chemist who has spent over 45 years involved in the textile and plastics industries, particularly the construction and performance of carpets and related products.

He became an independent floor covering consultant in 1989 after 19 years with the Australian Wool Testing Authority, including nine years as Manager of the AWTA Textile Testing business unit.

He is a registered NATA assessor, Past President of The Textile Institute (Southern Australia Section) Inc., a Chartered Textile Technologist and Fellow of The Textile Institute.

Noel has appeared as an expert witness in Court and Tribunal cases involving textiles and floor covering. He was the Technical Consultant to the Commonwealth Government involving period contracts for Carpet (BG12) and Resilient Flooring (BG167). Currently he is retained by Centrelink to provide carpet technical services.

Noel's areas of special interest and expertise include;

### **Areas of Product Experience:**

- Textile floor coverings
- Resilient floor coverings
- Carpet underlays
- Furnishings
- Uniforms and work wear
- Protective clothing
